

PEOPLE FLEEING.

Many Are Leaving Hampton and Newport News on Account of the Fever.

THREE NEW CASES AT THE HOME.

Self-Appointed Guard of Hamptonians With Winchester Assist in Enforcing Quarantine.

The Universal Hope Is That the Disease Will Be Confined Within the Home Limits—There is Much Excitement in the Vicinity.

HAMPTON, Va., Aug. 1.—This usually tranquil town has been in a state of feverish excitement since the discovery of yellow fever at the Soldiers' home. Scores of people took advantage of the first opportunity to leave the place.

Sunday night a special train left Old Point with fully 300 of the guests of the hotels.

Business in the town of Phoebus, adjoining the soldiers' home, is suspended. It is difficult to obtain information from the home. The entrance and, in fact, all points from which escape is possible, are carefully guarded. Late Monday afternoon a self-appointed guard of 15 Hamptonians with Winchester rifles went to the home to assist in enforcing the quarantine regulations. Chesapeake & Ohio trains have discontinued their service to the city.

NEWPORT NEWS, Va., Aug. 1.—After a day of intense excitement over the yellow fever outbreak at the National Soldiers home Newport, rested Monday, with a feeling of comparative security. The city officers and the various municipal bodies have been busy since early Monday morning and it is felt now that no loophole has been left which the scourge may find its way to this city. The latest report from the soldiers home gives the total number of cases as 33, an increase of three during the day.

There was one death Monday afternoon. The universal hope now is that the disease will be confined within the limits, and the authorities at the institution express confidence that this will be done. The town of Hampton, which is in close proximity to the soldiers home, early Monday morning established a cordon of policemen at the approaches to the reservation. Notwithstanding this precaution Newport News quarantined against Hampton and Elizabeth City and county and Warrenton county. Thus this city, which is nearly ten miles from the infected point, has the advantage of practically a double quarantine on land. A tug boat patrols the river to prevent the evasion of quarantine restrictions by means of boats. The danger line ashore is guarded by an adequate force of special policemen. The street railway company was prohibited Monday morning from running cars between Hampton and this city.

Although hundreds of people left the city Monday on account of the scare their departure is regarded with indifference and amusement, rather than as a judicious precaution, by the great majority who stay at home. The city council Monday night appropriated \$10,000 for immediate use in maintaining the quarantine.

Every Precaution Will Be Taken.

WASHINGTON, Aug. 1.—Surgeon General Wyman, of the marine hospital service, had a conference with Secretary Gage Monday on the yellow fever situation at Hampton, Va. The secretary agreed with Dr. Wyman that every possible precaution should be taken to prevent the spread of the disease. A cordon will be thrown around the affected district and a thorough quarantine established.

Norfolk, Va., Quarantines.

NORFOLK, Va., Aug. 1.—Fear of the spread of yellow fever to this city and thence abroad has been largely allayed by the absolute quarantine against the three peninsula towns adjacent to the infected spot. There is no fear that the fever will invade this city. No precaution has been overlooked by the local health authorities in their efforts to keep out the disease.

Raised His Flag on the Iowa.

SAN FRANCISCO, Aug. 1.—Adm. Kautz Monday raised his flag on the battle ship Iowa, which is now the flagship of the Pacific squadron. The Philadelphia, his former flagship, is undergoing repairs at Mare Island. The Iowa has gone to the Union Iron works to take on a portion of her armament, which was left here when she recently sailed for the dry dock at Port Orchard.

Work Will Begin September 1.

SIoux CITY, Ia., Aug. 1.—Work on the Yankton & Norfolk railroad will begin September 1, according to an official statement made by its promoters here Monday. The road, together with bridge at Yankton will cost \$1,800,000.

SEVEN AMERICANS KILLED.

Further Particulars of the Battle of Calamba—The Bravery of the Insurgent Officers.

MANILA, Aug. 1.—Sunday's fight at Calamba was a warm one. The insurgents were unwilling to abandon the place, which is the key to the lake road. Gen. Hall, hearing that Gen. Malbar was preparing to make an attack, sent Maj. Weisenberger with three companies of the 21st infantry, three troops of cavalry and one of Hamilton's guns to attack the insurgents. This detachment found a force of 1,000 rebels behind hastily made intrenchments. The rebels held their fire until the contingent of the 21st regiment was within 300 yards, when they fired a volley. The Americans dropped in the high grass out of sight and returned the fire.

Meut. Love, who was walking erect along the front of the men, was shot in the arm. An insurgent officer, equally brave, stood at the top of the trenches directing the fire of the insurgents until he was killed, when the Filipinos fled.

During the fighting on the north side of the town, a small body of insurgents attempted to enter on the south side, but a troop of cavalry repulsed them.

The total American loss at Calamba was seven killed and 20 wounded. Sixteen dead insurgents have been found.

The American garrison at Morong is going to Calamba.

A body of insurgents has visited Taytay, where they killed several natives who were friendly to the Americans.

POLICEMAN PLEADS GUILTY

He Stole a Gold Watch, Chain and Two Charms From the Dead Body of President George B. Rhoads, New York.

NEW YORK, Aug. 1.—Policeman Thomas F. O'Brien Monday pleaded guilty of grand larceny in the second degree. O'Brien was charged with having stolen a gold watch, a chain and two charms from the body of George B. Rhoads, president of the Stuyvesant Fire Insurance company, who was run over and killed by an Eighth avenue electric car on June 10.

O'Brien accompanied the body in the ambulance to a hospital and relatives of Rhoads subsequently discovered the robbery. The chain and charms were returned to the relatives and it was discovered that it was O'Brien who had given them back.

A pawn ticket for the watch was found on O'Brien. The maximum sentence is five years.

Unable to Effect a Settlement.

PASA, Ill., Aug. 1.—The Penwell Coal Mining Co., the largest mining company in Pana, had the fires drawn from beneath the boilers at its mines Monday for the first time since the mines were put down ten years ago. The boilers will be painted and locked and the mines closed for one year, according to a statement of the operators, who allege that they were unable to effect a settlement with the union miners.

The Filipino Actors Detained.

WASHINGTON, Aug. 1.—Commissioner General Powderly, of the immigration bureau, has directed that the 18 Filipino actors who have been detained at San Francisco for some time pending the settlement of the question of their right to land, be released and permitted to continue their journey to Omaha, where they have been engaged by the authorities as a feature of the exposition now in progress.

Mrs. Thornton left her husband a year ago and had threatened to kill him. Once she shot at him on the street.

MOB OUTBREAKS.

Gov. Candler, of Georgia, Issues an Appeal to the People of the State.

ASKS THEM TO UPHOLD THE COURTS.

He Believes That is the Only Way to End Lawlessness and Restore Peace in Georgia.

Aid the Courts in Bringing to Speedy Justice All Criminals and by the Force of Public Sentiment Punish Lawbreakers.

ATLANTA, Ga., Aug. 1.—Gov. Candler Monday night issued an appeal to the people of Georgia to join hands and put an end to mob violence in the state. The governor believes that the only way to restore a condition of peace and tranquility and to bring an end to lawlessness that has been manifested in different parts of the state is for the people to uphold the courts, aid them in bringing to speedy justice all criminals, and by the strong force of a virile public sentiment, bring punishment to the lawbreakers of all kinds.

Then the governor tells of the reproaches heaped upon the state by the repeated outbreaks and says: "The purity of the fair mothers and daughters of Georgia must and shall be preserved, and at the same time the lives and liberties of all of the law-abiding Negroes in Georgia must and shall be protected. Arson and burglary and assassination and robbery and rape must

MAP OF DISPUTED ALASKA TERRITORY.

This map, made from Dawson's Canadian map of 1887 and United States coast survey of Alaska, shows the boundary contended for by Canada, a dotted line near the coast, placing Taiya, Skagway and Pyramid harbor in British territory; the line claimed by the United States north and west of the Lynn canal, and a conventional line proposed by Dawson, which strikes through Pyramid harbor. The latest proposition by the American government is to give Canada a free harbor at the head of Lynn canal. Late news from London is to the effect that it has been accepted.

be stopped, and at the same time lynch law must stop. The good of both races and the fair name of the state demand this.

"The ordinary processes of the law are amply sufficient to punish all crimes. Our judges are pure and incorruptible. Our juries are composed of our most intelligent, upright men, who seldom make mistakes. The mob often makes mistakes, and the innocent are made to suffer with the guilty. It never knows where to stop, but, after punishing the guilty, drunk with the blood of one victim, it thirsts for the blood of another and often sacrifices on the altar of vengeance those who are guiltless of any crime.

"We must away with the mob. We must re-enthroned the law. We must restore the altar of reason and tear down the altar that passion has erected. We must do this in the interest of the white men of Georgia and in the interest of the Negroes of Georgia and for the fair name of Georgia, and to protect the virtue of the women of Georgia.

"Lynch law does not stop at arson, nor murder, nor robbery, nor rape. This requires the strong power of the statute law sustained by a healthy, vigorous public sentiment.

"I would appeal," continued Gov. Candler, "to all officers of the state, civil and military, urging them to remember that the dignity and the fair name of Georgia are in their keeping. I would appeal to them to remember that they are the guardians of the peace and happiness of the people of the state. It is their duty to apprehend and bring to justice all who violate the law, whether it be the Negro who commits rape or the white man who kills him for the crime. The grand juries must realize that it is as much their duty to ferret out and return true bills against members of the mob who lynch a murderer as it is to return a true bill against the murderer himself."

Will Retain the Present Ministry.

PARIS, Aug. 1.—Gen. Weceleslau Figuerro, vice president of the Dominican republic, has, it is announced here, accepted the presidency of the republic. He will retain the present ministry.

BALTIMORE QUARANTINES.

No Boats That Touch at Hampton, Newport News or Old Point Comfort Will Be Allowed to Land.

BALTIMORE, Aug. 1.—Dr. C. Hampton Jones, health commissioner of this city, announced Monday night that a rigid quarantine has been declared against the towns of Newport News, Hampton and Old Point Comfort, Va., on account of the prevalence of yellow fever in that vicinity and that it would be rigidly maintained.

No boats touching at either point included in the order will be allowed to land passengers from those places, nor will persons coming here by train from the quarantined towns be permitted to enter this city. Dr. Jones does not fear that yellow fever will reach Baltimore, or become epidemic in any case, but he deems "an ounce of prevention" a good thing at this time.
